Dear Stephen:

Subject: Resignation

Your e-mail of December 27 resigning your position as Learning Manager for IMEC is acknowledged and accepted effective January 12, 2001.

On behalf of Holland College and the Business Unit in particular, thank you for your contribution to the IMEC program. I appreciate the challenge for you in working at a distance in the IMEC program while at the same time establishing your business.

Congratulation on your research project. All the best in your future contracts and I wish you every success in the continuing growth and development of your company.

We consider you a friend of the program, and may, with your permission, call on you from time to time for advice and/or assistance. Again, thank you for your contribution and all the best in your future endeavours.

Sincerely,

A handwritten signature in black ink that reads "Barbara A. Reid".
